That's why we want to reward you for your success! If you use AcaiBurn and lose weight, we want to hear from you. When Will I See Results? Your 12 week guide to your new body.

After two weeks. Your body has started to adjust and is rewarding you with an overall sense of wellness. You may not see substantial weight loss effects at this point, because your body's initial reaction to a new lifestyle is to hoard fat.

After four weeks. Your body will have now adapted to your new lifestyle and you should start losing weight. You may start looking forward to stepping on the bathroom scale again.

After two months. You should start getting comments from your friends about how great you are starting to look. Some may even be jealous! You should now really start to lose weight fast.

After three months. By this point, you may have hit your targeted weight and will be working on maintaining your new beautiful body. This is when you may be writing to us with a testimonial about how AcaiBurn has changed your life for the better.

Frequently Asked Questions

Does The AcaiBurn System Really Work?

The AcaiBurn system has helped thousands of people lose weight and keep it off. Of course, results vary from person to person. The key to losing the most weight possible with the AcaiBurn system is to keep yourself motivated. Our active ingredients were shown in double-blind studies to help people lose weight up to 4.5 times faster than the group given a placebo. Both groups were put on a diet and exercise program, which should be part of any weight loss plan.

How Long Will It Take To Get Results With AcaiBurn?

This varies from person to person. Healthy weight loss is never instantaneous. You don't want to starve yourself when the goal is to look and feel healthy. Dropping weight too quickly can damage your cardiovascular system. Realistically, it will take your body some time to adjust to your new lifestyle. You may start feeling healthier in a matter of days, but it may take a few weeks before your weight loss results become obvious.

How To Use AcaiBurn?

When you are ready to start losing weight, take one AcaiBurn capsule twice a day, approximately 30 to 60 minutes before breakfast and lunch. Consume at least six 8-oz. glasses of water per day. Read the entire label before use and follow directions. Do not exceed 2 capsules in a 24-hour period. Do not take within 3 hours of bedtime or you may have trouble sleeping. Keep up this routine in order to achieve your maximum weight loss results!

C. GENERAL PAYMENT TERMS

All Fees are payable in United States currency. If you do not agree with these changes, you may cancel your Insider Secrets Access Pass and/or eBook Access Pass, as applicable, at any time, but you will remain responsible for timely payment of any and all Fees that you have already incurred (including any applicable late fees). Continued acceptance of Online Products, continued Membership and/or continued enrollment in the All-Access Program after receipt of such notice shall constitute consent to any and all such changes. If you are a Member, your Membership, Insider Secrets Access Pass and/or eBook Access Pass may each be deactivated for non-payment of Fees. AcaiburnEdge's™ authorization to bill the applicable Fees is obtained by way of your electronic signature. Once an electronic signature is submitted, this electronic order constitutes an electronic letter of agency. AcaiburnEdge's™ reliance upon your electronic signature was specifically sanctioned and written into law when the Uniform Electronic Transactions Act and the Electronic Signatures in Global and National Transactions Act were enacted in 1999 and 2000, respectively.
